Ofi Invest Group combines the real estate management expertise of Aéma, Aviva Investors in France and Ofi under the name Ofi Invest Real Estate

The creation of Ofi Invest, 18 months after the creation of Aéma Groupe, and one year after the acquisition of Aviva France, which has become Abeille Assurances, testifies to Aéma Groupe's ambition to continue building a leading mutualist player reconciling economic, social and environmental performance.

Ofi Invest is ranked 5th (source: IPE classification at end December 2021) among French asset management groups, supported by strong brands in three major areas of expertise:

- Core investment strategies, including liquid markets stock selection and asset allocation as well as investment solutions
- Alternative and diversifying investment strategies including private equity, debt, infrastructure and emerging markets
- Real estate management combined under the name Ofi Invest Real Estate.

Ofi Invest Real Estate encompasses the activities of Aéma REIM, Ofi Pierre and Abeille REIM - formerly known as Aviva Investors Real Estate France*.

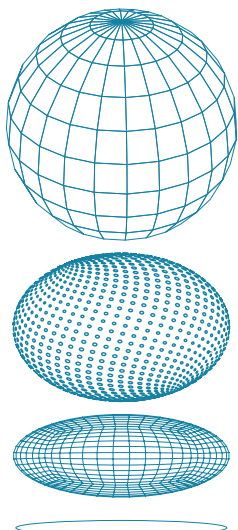

Ofi Invest Real Estate is managing 11 billion of real estate assets on behalf of institutional and retail clients, mainly invested in France, Germany, the Netherlands and Denmark.

The teams have 120 experts which cover the full range of real estate management value chain, including investment, asset, property and fund management capabilities.

"It is a great pride to participate in the creation of Ofi Invest, the 5th largest asset management player in France, with Ofi Invest Real Estate playing a key role with 11 billion of assets under management. The Ofi Invest Group's ambition to act as a major responsible finance player, resonates admirably with the commitment of the real estate teams to place ESG performance at the heart of our investment and asset management strategies" says Laurence Dumas, CEO of Aéma REIM.

"This merger provides a tremendous opportunity to capitalise on the complementary expertise of our teams and to offer both our institutional and individual clients a wider range of services and real estate assets across different asset classes and regions" adds Adrien Beuriot, CEO of Abeille REIM.

**Following the purchase by Aéma Goupe in 2021 of Aviva France, which has become Abeille Assurances holding, the non-regulated real estate management activity of Aviva Investors in France is changing name to Abeille REIM.*
